HONEYCOMB™

Use Honeycomb when you need a hint of metal in a space but don't want an overpowering industrial element. Its open grid of honeycomb shapes is created using sustainable aluminum.

PATTERN TO SCALE

All metal décors are produced using industrial grade materials. As is common in industrial sheet metals, some surface tooling marks, light scratches, or slight color variation may exist, adding authenticity to the character of the product. This variation is part of the aesthetic interest of metallic products. The metal pattern starts and stops differently from sheet to sheet.

For side-to-side or top to bottom applications, a reveal is suggested, as this décor is not intended to edge align.

Thermoforming is not available for this décor.

To see more images of this décor, visit the [Lumicor website](#).

Not all décors are available in every gauge or sheet size and may vary by resin. Gauge tolerance is ± 10%. Each color layer adds .010" to the thickness. Colors may differ between the page and the product. For the most accurate color representation, please consult physical samples.

MATERIAL SPECIFICATIONS

RESIN TYPES & SIZES

Lumiclear gauges:

- 1/8" .118" (3 mm)
- 3/16" .196" (5 mm)
- 1/4" .236" (6 mm)
- 3/8" .354" (9 mm)
- 1/2" .472" (12 mm)

Panel sizes:

- Standard | 46" x 96" (1168 x 2438 mm)

DEFAULT FINISHES

Standard Finishes | Gloss/Matte

COMPATIBLE ADD-ONS
