Price Group: \$\$\$\$

Organic coffee beans, usually cultivated in Brazil or Colombia, are washed, roasted, and cured in a unique process tailored to meet our artistic standards.

PATTERN TO SCALE

All natural décors are produced using a hand applied technique. Layout and coverage will vary slightly from sheet to sheet due to the artisan nature of the manufacturing process. Some products use natural materials that can change color over time and will vary in size, shape, color and texture within a single sheet. Colors may vary with harvest season.

Thermoforming is not available for this décor.

**SUSTAINABLE FEATURE** | The beans showcased in Java are grown without the use of synthetic fertilizers, pesticides, or herbicides.

*Not all décors are available in every gauge or sheet size and may vary by resin. Gauge tolerance is ± 10%. Each color layer adds .010" to the thickness. Colors may differ between the page and the product. For the most accurate color representation, please consult physical samples.*
