Price Group: \$\$\$\$

More colors available

Each ribbon of warm maple veneer in this décor tells a story with unique grain and tones. All of our real wood veneers are harvested using sustainable forest industry standards.

PATTERN TO SCALE

All natural décors are produced using a hand applied technique. Layout and coverage will vary slightly from sheet to sheet due to the artisan nature of the manufacturing process. Some products use natural materials that can change color over time and will vary in size, shape, color and texture within a single sheet. Colors may vary with harvest season.

Thermoforming is not available for this décor.

SUSTAINABLE FEATURE | Woodribbon materials are sourced exclusively from suppliers who adhere to responsible forestry practices.

Not all decors are available in every gauge or sheet size and may vary by resin. Gauge tolerance is ± 10%. Each color layer adds .010" to the thickness. Colors may differ between the page and the product. For the most accurate color representation, please consult physical samples.
