

Décors | Recycled Glass

 **MOONSTONE™**

Price Group: \$\$\$\$

More colors available

Reminiscent of the sparkle from a disco ball, this contemporary décor contains a mix of cool greys and subtle earthy browns with varying levels of shine.

PATTERN TO SCALE

Because of the artisan nature of Lumicor products and natural variation within the blends used in our recycled glass products, minor differences in color, size, shape, and density may be apparent from one sheet to another or within a single sheet.

A slight stipple effect on the surface may occur when forming this décor due to the encapsulated glass pieces. This is not considered a flaw.

To see more images of this décor, visit the [Lumicor website](#).

SUSTAINABLE FEATURE | The crushed glass in this décor contains a minimum of 98% recycled post-industrial content or post-consumer content.

Not all decors are available in every gauge or sheet size and may vary by resin. Gauge tolerance is ± 20%. Each color layer adds .010" to the thickness. Colors may differ between the page and the product. For the most accurate color representation, please consult physical samples.

MATERIAL SPECIFICATIONS
